Robert Ball's sound spans soul, neo-soul, jazz and easy listening – with a global audience, extensive list of tour dates, artist collaborations, and live broadcast appearances, his 18-year career has led him to fine-tune his inspirational and tranquil music.

"I write and sing from my heart and my life journey. The new single and EP stem from the thrill of meeting someone special for the first time – the love, passion, even heartbreak and eventually flourishing from experience. This project is true to the heart for anyone who has been in love. I've taken my time to get it right – it's been my labour of love."

Available on SoundCloud, BREATHE was recorded in Robert's hometown Toronto, Canada. The full EP NEED was also recorded in Scandinavia.

Prior to NEED, Robert's debut EP 'Robert L A Ball Live' released in 2011, garnered significant online radio play in Toronto, New York, Germany and the UK. A fan favourite wherever he goes, Robert continues to delight audiences around the world.
